This map was developed by the West Virginia Department of Transportation (WVDOT), Transportation Planning Division, in cooperation with the Federal Highway Administration (FHWA), U.S. Department of Transportation (DOT). It was prepared and printed by the WVDOT Office of Mapping and Environmental Services. The map data are from the National Hydrographic Data Center. The scale of insets is 1:250,000. The geographic coordinates are based on the World Geodetic System 1984 (WGS84). The map features are represented with symbols and colors according to the legend provided. The map includes data from the U.S. Fish and Wildlife Service, U.S. Department of the Interior, and the U.S. Census Bureau. It should be noted that the data are for planning purposes only and may not be suitable for surveying or engineering applications. The map is not to scale and is not intended for navigation or land use. The map is for informational purposes only and does not represent the legal boundaries of the area shown.
