This map was developed by the West Virginia Department of Transportation (WVDOT) Geospatial Planning Division in cooperation with the U.S. Department of Transportation Federal Highway Administration. It is intended to show geographic areas, road and roadway features, including highways, roads, and bridges, as well as other datasets available from WVDOT's Data Warehouse. The map is not to scale and is not intended for navigation or land surveying. This map is a representation of the state of West Virginia as of the publication date. The map shows the geographic distribution of various data layers, including roads, water bodies, and other features. The map is useful for understanding the geographic distribution of these features within Braxton County, West Virginia.
