This map was developed by the West Virginia Department of Transportation (WVDOT) Geospatial Transportation Information Section. The map is intended to provide a visual representation of the transportation network in Cabell County, West Virginia. The map includes various types of roadways, such as Paved Road, Unimproved Road, and Gravel or Stone Road. It also features symbols for National Parks, School K - 8, College or Educational, Streams, and Tax District. The map is part of a series of sheets and is intended for use in planning and decision-making processes. The map was prepared in cooperation with the US Department of Transportation Federal Highway Administration.
