This map is produced by the West Virginia Department of Transportation (WVDOT) to assist Professionals and the public in strategic planning and decision making. These maps are for planning purposes only. They are prepared and distributed to meet the public needs in areas such as land use planning, transportation planning, and for general informational purposes. This map does not represent the actual locations or characteristics of the features and should not be used for any legal or regulatory purposes.

The accuracy of this map is limited by the accuracy of the input data, the scale of the map, and the limitations of the mapping process. The map is intended for general reference and should not be used for detailed or precise location or measurement.

The map may be used for non-commercial purposes only and may not be reproduced, sold, or distributed without the written consent of the West Virginia Department of Transportation.

Use this map at your own risk. The West Virginia Department of Transportation and its employees cannot be held responsible for any errors or omissions contained in this map or for any actions taken based on the information provided.

Map scale: 1 inch = 1 mile

Prepared by:
West Virginia Department of Transportation
Strategic Performance Management Division

Federal Highway Administration

This map is for general reference only and should not be used for legal purposes. It is not designed to be a comprehensive map of the county and may not show all features or areas.
