This map was developed by the West Virginia Department of Transportation (WVDOT) Geospatial Program in cooperation with the U.S. Department of Transportation Federal Highway Administration and the U.S. Geological Survey. It was updated to reflect recent land use and engineering data. The map is intended for general information purposes and is not intended for navigation or engineering design. The size of objects and distances between features may be exaggerated for ease of use only. This map does not contain all or even most of the features found on the face of the earth. This map is not used for the purpose of determining the position of any feature on the face of the earth. Features that may be inaccurate, incomplete, or not shown include residential lots, streets, alleys, sidewalks, underground utilities, water resources, trees, etc. This map is only useful for determining the general location of features on the face of the earth.
