This map was developed by the West Virginia Department of Transportation (WVDOT) Geospatial
Division. This map is for planning and simple location of features to within several
hundred feet of their correct position on the face of the earth. It does not contain all or even most of
the features found on the face of the earth or any other source map. The map is best used for
levels of detail that are not the most detailed levels of detail. The map data was collected as of June
2018.
